MYSURU TOURIST PLACES

Mysore was the previous capital city in the state of Karnataka, India. It is the headquarters of the Mysore district and Mysore division and lies about 140 km (87 mi) southwest of Bengaluru, the capital of Karnataka. The city covers an area of 128.42 km² (50 sq mi) and is situated at the base of the Chamundi Hills. *Mysore is one of the most prominent tourist areas of India.* Mysore is also known as the **Palace City of India**.^{[1][2][3]} The Mysore Palace in the city is the most visited place in India, above Red Fort, Qutb Minar, and even the Taj Mahal as of 2006. The New York Times recently listed Mysore as one of the 31 must-see places on Earth for two consecutive years.

PALACES

Mysore Palace is a palace situated in the centre of the city. It was the official residence of the former royal family of Mysore and also housed the durbar (royal offices).

Lalitha Mahal is the second largest palace in Mysore. It is located near the Chamundi Hills, east of the city. The architect of this palace was E. W. Fritchley. The palace was built by Krishnaraja Wodeyar IV in 1921 for the exclusive stay of the Viceroy of India. The palace is pure white in color and is built in the style of Italian palazzos with twin ionic columns and domes. It also has a sprawling terrace and landscaped gardens.

Jaganmohana Palace was built in 1861 by Krishnaraja Wodeyar III in a predominantly Hindu style to serve as an alternate palace for the royal family. This palace housed the royal family when the older Mysore Palace burned down due to a fire. The palace has three floors and has stained glass shutters and ventilators. It has housed the Sri Jayachamarajendra Art Gallery since the year 1915. The collections exhibited here include paintings from the famous Indian painter, Raja Ravi Varma, the Russian painter Svetoslav Roerich, and many paintings of the Mysore painting style.

GARDENS

The **Brindavan Gardens, Srirangapatna, Mandya district** are show gardens that have a beautiful botanical park, full of fountains, as well as boats in the river beneath the dam. Diwans of Mysore planned and built the gardens in connection with the construction of the dam. Display items include a musical fountain. Various biological research departments are

housed here. There is a guest house for tourists as well. It is situated at Krishna Raja Sagara (KRS) dam Mandya district.

Happy Man Park The Happy Man Park near Kamakshi Hospital, some three kilometers from the railway station, is very popular among children and parents. The park is quite compact in size but contains a mini zoo and many hens and ducks roam around the lawns freely. The park is landscaped with a stream and wooden bridges. Music is played through loudspeakers scattered around the park. The main attraction of the park is a statue of a 'Happy Man' with a pot belly representing the "Laughing Buddha" or "Budai", a Maitreya (future Buddha) .

Butterfly park in Karanji Lake This consists of a medium-sized bird park, boating, and a children's play area.

MUSEUMS

Mysore Sand Sculpture Museum: With 115 truckloads of sand and with more than 150 huge sculptures, this museum showcases more than 16 themes of the Heritage of Mysore.

Rail Museum: This museum is located near the Mysore Railway station and is the second one of its kind established in India after the one at Delhi. This museum exhibits ancient locomotives and carriages, some of which are still in working condition. Photographs and books related to railway are also present.^[7]

Wax Museum - Melody World: This museum is based on music and musical instruments. This one-of-its kind museum exhibits over 100 life-size wax statues and over 300 musical instruments categorised in various bands and stage settings. Representing Stone Age to Modern instruments, some of the bands and genres displayed are Indian Classical North & South, Punjabi Bhangra, South Indian, Jazz, Rock, Middle East etc. It was established in October 2010.

PLACES OF WORSHIP

Chamundi Hills is close to the palace city of Mysore. Its average elevation is 1,000 meters. A panoramic view of the city is seen from the top of the hills, including views of the Lalitha Mahal palace, Mysore Palace, Karanji and Kukkarahalli lakes. At dusk, the view of the city is especially beautiful, and on Sunday evenings and during the Dasara festival, the illuminated Mysore Palace glitters.

St. Philomena's Church is a church built in honor of St. Philomena in the city of Mysore. It was constructed in 1956 using a Neo Gothic style and its architecture was inspired by the Cologne Cathedral in Germany. In 1926, Sir T. Thumboo Chetty who was the Huzur Secretary to the Maharaja of Mysore, Nalvadi Krishnaraja Wodeyar, obtained a relic of the saint Philomena, after writing to Peter Pisani, Apostolic Delegate of the East Indies. This relic was handed over to Father Cochet who approached the king to assist him in constructing a church in honor of St. Philomena. The Maharaja of Mysore laid the foundation stone of the church on 28 October 1933. In his speech on the day of the inauguration, the Maharaja is said to have quoted, "The new church will be strongly and securely built upon a double foundation — Divine compassion and the eager gratitude of men..." The construction of the church was completed under Bishop Rene Fuga's supervision. The relic of St. Philomena is preserved in a catacomb below the main altar.

Infant Jesus Shrine is located at Pushpashrama in Naidu Nagar Mysore some five kilometres from Mysore palace. The gateway of the church stands 30 feet high. There is a grotto on the right side containing a life-sized statue of Infant Jesus. The church is built in an octagonal diamond shape with granite stone. There are three huge teakwood doors to enter the church. There are carvings of St. Teresa and ST. John on the right side door. The left side entrance has carvings of St. Therese and ST. Edith Stein. The altar has a globe and a tree. The church has fourteen stained windows decorated with beautiful pictures. There is a small chapel on the back of the church on the mezzanine floor.

WILDLIFE

Mysore Zoo is one of the oldest and most popular zoos in India. Located on the outskirts of Mysore, the zoo is home to a wide range of wild species. The official name for the zoo is Shri Chamarajendra Zoological Gardens, although it is known most commonly by its shortened name. Mysore Zoo is one of the city's popular attractions. It was established under royal patronage in 1892, making it one of the oldest zoos in the world.

Ranganathittu Bird Sanctuary, Mandya district is a small Bird Sanctuary, being only 0.67 km². in area, and comprises six islets on the banks of the Kaveri River. The islets came into being when a dam across the Kaveri river was built in the 18th century. The ornithologist Dr. Salim Ali observed that the isles formed an important nesting ground for birds, and persuaded the Wodeyar kings of Mysore to declare the area a Wildlife sanctuary in 1940.

The islands are host to numerous small mammals, including bonnet macaque, colonies of flying foxes, and common small mammals like the common palm civet, the Indian gray mongoose, and the monitor lizard. The mugger crocodile or marsh crocodile is a common inhabitant of the riverine reed beds. About 180 types of birds^[10] have been observed here. Breeding water birds include the painted stork, Asian open bill stork, common spoonbill, woolly-necked stork, black-headed ibis, black-headed ibis, lesser whistling duck, Indian shag, stork-billed kingfisher, and other common birds like egrets, cormorants, Oriental darter, and herons. The great stone plover, and the river tern also nest here. The park is home to a large flock of streak-throated swallows.

OOTY TOURIST PLACES

Botanical Garden

Botanical Garden is one of the best tourist attraction places which attract the tourist from all over the world. This garden was laid out in 1847 by the Marquis of Twee dale and is spread over 22 hectares ascending the slopes on the hill at an elevation of 2,400 meters above Main Sea Level. An explicit collection of flowering trees, beautiful shrubs, and rare colored lilies are seen.

Ooty Lake

From just behind the central Bus Stand (also near the Railway station) the famous Ooty Lake stretches, in an irregular 'L' shape, for about 2.75 kms in length and varying distances in width(100m – 140m). For the curious, this lake was artificially formed by John Sullivan, the founder of Ooty, in 1823-25 by damming the mountain streams flowing down Ooty valley.

Rose Garden

Rose Park is situated in the heart of Ooty town and it is located less than a km from Charring Cross at Vijayanagaram, the rose garden is laid on 10 acres of land. This garden has been beautifully laid out in terraces with rose tunnels, pergolas and bowers with rose creepers.

Doddabetta Peak

The Doddabetta Peak stands at an altitude of 2,623 meters. It is the highest point in the district, making it possibly the best vantage point around Ooty. It is merely 10kms from Ooty so you can simply grab your camera and head straight to the peak, and click amazing pictures of the valley below. On a clear day, which is honestly not that often, one can see far off areas, even the plains of Coimbatore and the flat highlands of Mysore.
